

Superior 4K Clarity for Professional Applications

Planar offers unparalleled 4K image quality and performance for resolution-rich commercial applications. From desktop monitors to ultra large format displays, Planar offers a best-in-class portfolio of 4K LCD displays.

Ultra HD products from Planar deliver unique experiences that enable users to view and interact with 4K content in unique ways. More than just a display, Planar's 4K products offer immersive experiences in sizes ranging from 28" to 98".

Ultra HD LCD Product Lines

Planar offers the most unique line of 4K LCD display products in the industry with value-added features designed to make ultra HD technology accessible, affordable and easy to implement.

PLANAR ULTRARES SERIES | *Stunning 4K clarity meets state-of-the-art design and performance*

Planar® UltraRes™ Series displays offer the image quality, connectivity, industrial design and configuration options required in leading control rooms, collaboration rooms and digital branding installations.

Features and Benefits:

- Available in 84" and 98"
- Supports native 4K at up to 60Hz
- Ultra slim profile (<4" mounted)
- Whisper-quiet, fanless design
- Modern ID with logo-free bezel
- 3D and Multi-Touch models available
- Redundant power supply for added reliability
- Energy-saving LED backlight

UltraRes MediaPlex Software

UltraRes MediaPlex™ software enables up-scaling, down-scaling and quadrant view functionality for more efficient use of a large 84" or 98" screen

area. With UltraRes MediaPlex software, up to eight directly attached sources can be viewed, four at a time, in full HD quadrants within a Planar UltraRes Series display. Whether sources are full HD, sub-1080 or 4K, they can all be viewed in the 1080 quadrants and, upon command, be up-scaled to fill the entire 4K display area.

PLANAR EP-SERIES | *High performance and interactive 4K display solutions*

Planar® EP-Series™ delivers superior performance and reliability for demanding public venue, corporate, and control room applications. With OPS compatibility and interactive touch options, these displays can be transformed into complete digital signage or meeting room solutions.

Features and Benefits:

- Available in 58" and 65"
- Designed for 24x7 operation
- Expansion slot supports Intel's Open Pluggable Specification (OPS)
- Ultra slim, logo-free metal bezel
- Built-in speakers
- Multi-touch models available
- Supports landscape and portrait orientation

PLANAR IX-SERIES | *Immersive 4K Desktop Experience*

The Planar® IX-Series™ offers an immersive 4K experience for the desktop, bringing life to still images and video. With its unbeatable image clarity, flexible connectivity options – including 2 DisplayPort and 2 HDMI video inputs and built-in USB hub – and industry-leading 3 year, 2-day advanced replacement warranty, the Planar IX-Series is sure to impress.

Features and Benefits:

- Available in 28" with dual and quad stand bundles
- View up to four video sources simultaneously using FlexFour™ software
- Supports 4K at up to 60Hz through DisplayPort 1.2
- Built-in USB 3.0 hub
- Built-in speakers

IMMERSIVE 4K EXPERIENCE

4K displays produce resolution and picture quality not before seen. With four times the resolution of full HD, all Planar ultra HD products deliver amazingly life-like picture quality and immersive display experience. When displaying ultra HD content, Planar 4K displays deliver clarity and detail that appears sharp even at close viewing distances - no detail is missed. With vast connectivity, Planar 4K displays can be used interchangeably with full HD and ultra HD sources today and emerging 4K sources coming to market in the future.

INTERACTIVE TOUCH

Planar UltraRes Series and Planar EP-Series 4K displays can be transformed into fully integrated touch screens to create interactive experiences for public information, wayfinding, meeting room collaboration and training rooms. These displays offer precise multi-touch solutions with a slim profile and protective glass seal to keep dust, dirt and moisture away from the display.

ENERGY-EFFICIENT ARCHITECTURE

Planar 4K displays are whisper-quiet and fanless, made possible by LED backlight and advanced power management. As a result, there is no disruptive fan noise in quiet environments such as meeting rooms, control rooms and workstations.

LOGO-FREE

Free your frame from logos that divert attention from your brand and messaging. All Planar 4K displays are logo-free, allowing the spotlight to shine where it should – on the screen.

Planar Commercial-Grade 4K Displays

What makes us different?

Planar's commercial-grade 4K LCD displays are designed for lasting durability and superior performance. With features required for professional applications, Planar displays are much more than a television. Compare Planar commercial-grade displays to commodity large screen TVs and you immediately see the advantages of a professional 4K LCD display from Planar.
