### Planar DirectLight LED Video Wall System

The Planar® DirectLight™ LED Video Wall System is a family of seamless, ultra-fine pitch direct view LED video walls that provide a superior visual experience, and 24x7 reliability tailored to your unique indoor environment.

### Clarity Matrix LCD Video Wall System

This immersive, flexible video wall combines the industry's thinnest profile ultra-narrow bezel LED LCD with improvements in design, installation and service, delivering on its reputation as the best-in-class LCD video wall solution.

### Planar UltraRes Series

The next-generation Planar® UltraRes™ Series is a line of 75", 84" and 98" Ultra HD displays that offer enhancements in multi-source viewing, 4K video support and more!

### Planar EP-Series

The Ultra HD resolution Planar® EP-Series™ LCD displays offer best-in-class reliability with 4K resolution. Available in 58" and 65", the displays come with commercial-grade features required for digital signage, corporate, and control room environments. Available with multi-touch technology.

### Clarity Visual Control Station

Clarity® Visual Control Station™ (VCS™) is a flexible and easy-to-use video wall processor designed to capture, display and manage multiple sources on a video wall. It supports a wide range of visual inputs including analog, digital and high definition audio and computer sources.

### Planar ContentSmart Media Player

The Planar ContentSmart Media Player is a digital signage media player platform featuring Full HD 1080p and 4K resolution modules. Players feature ContentSmart™ Software for easy-to-design and deploy digital signage.

At the Ottawa Open House Event, Planar will be raffling a Planar® IX2850 4K monitor. Join us at the event for an opportunity to win. Must be present to win.
