Products on Display

Join Leyard and Planar for product demonstrations at our Calgary Open House & Training Event.

Leyard TWA Series

The Leyard® TWA Series is a line of fine pitch LED video walls with a unique "flat panel" design that features a 16:9 form factor, ease of installation and service, and outstanding flatness uniformity.

Leyard TVH Series

The Leyard® TVH Series is a line of high performance, fine pitch LED video walls that delivers industry-leading image quality and reliability for a range of demanding indoor applications.

Leyard CarbonLight CLI Series

The Leyard® CarbonLight™ CLI Series is a line of lightweight, flexible LED video wall displays, ideal for flexible-fixed applications. The Leyard CarbonLight CLI Series features a thin, lightweight, high strength carbon fiber casing with a modular design.

Clarity Matrix LCD Video Wall System

This immersive, flexible video wall combines the industry's thinnest profile ultra-narrow bezel LED LCD with improvements in design, installation and service, delivering on its reputation as the best-in-class LCD video wall solution.

Planar LookThru Transparent OLED Display

The first-of-its-kind Planar® LookThru™ OLED transparent display is a self-emitting display that utilizes cutting-edge OLED technology to eliminate the need for a backlight or enclosure, making it possible to create truly see-through installations.

Planar UltraRes Series Touch

Planar® UltraRes™ Touch displays combine an 75", 86" or 98" multi-touch experience with stunning 4K image clarity, providing a best-in-class solution for professionals who seek to collaborate or annotate using a large viewing area, the highest image resolution and enterprise-level features.

Clarity VCS Video Wall Processor

Clarity® Visual Control Station™ (VCS™) is a flexible and easy-to-use video wall processor designed to capture, display and manage multiple sources on a video wall supporting a wide variety of visual inputs including analog, digital, and IP network-based video and computer sources.
