

Course Name: Leyard TWA Series LED Video Wall Certified Installer Training

Sponsor: Leyard and Planar, a Leyard Company

CTS Renewal Units: 4.0 CTS or CTS-I

Course Description:

The Leyard TWA Series LED Video Wall Certified Installer Training Course is an introduction to the Leyard® TWA Series LED video wall product family and is designed to prepare attendees for installation of the product. The course begins with a brief overview of the product and models available, then moves into the installation process, including site preparation, mounting, module alignment, source routing set-up, software adjustments and commissioning of the video wall. The course also includes tips and tricks for a successful installation of the product. Upon completion of the course, attendees will be Certified Installers of Leyard TWA Series LED video walls.

Course Time: 8 Hours

Learning Objectives:

At the end of this program, attendees will be able to:

- 1) Recognize and understand the various models and options available in the Leyard TWA Series LED video wall product family and how each affects the installation process.
- 2) Successfully install, adjust and align Leyard TWA Series LED displays, signal distribution and cabling to create a custom Leyard TWA Series video wall.
- 3) Use TWA Control Software for set-up, display layout, color settings and seam correction.

Sponsor Information:

Leyard is a global leader in the design, production, distribution and service of digital displays, video walls and visualization products worldwide. The Leyard Group of companies and brands, which includes [Planar Systems](#) acquired in 2015, is comprised of displays, entertainment and lighting system solutions. Leyard is the number one market share leader in the LED display market and fine pitch LED and offers indoor, outdoor, fixed and creative displays ([Futuresource](#) 2017). Used in applications such as broadcast, sports arenas, stadiums, advertisement networks, retail digital signage, control rooms, exhibitions, large scale events and digital cultural experiences, Leyard enjoys marquee installations globally and has over 300 patents in display technology. Founded in 1995, the group is headquartered in Beijing, China, and is traded on the Shenzhen Stock Exchange (stock code: 300296). *Forbes* magazine (2013) named Leyard among “China’s Top 100 Most Potential Listed Companies.” For more information, visit www.leyard.com.
