Customer First™ Replacement Guidelines

Contact Planar's customer service (toll free) at **1-866-PLANAR-1 (1-866-752-6271)**. The customer must have the model number, serial number and original proof-of-purchase available. Planar's customer-service staff will attempt to correct any minor issues that might be causing the problem. If we are unable to fix the issue to your satisfaction, a return material authorization (RMA) number will be issued. Under our Customer First™ Warranty program, Planar ships the customer a replacement product first, using 2-day shipping. A major credit card is required in order to secure the value of the replacement unit being shipped and the prompt return of the original Product

After receiving the replacement Product, the customer will have 14 calendar days from the date of receipt of the replacement Product, to return the defective, authorized RMA Product to the Planar authorized return facility.

1. Unpack the replacement Product and inspect for any problems.
2. Assemble the replacement Product referring to the assembly instructions.
3. Disassemble the defective Product to prepare the system for shipping. Place the defective Product components, along with power supplies, cords, etc. back in the box in which the replacement Product was shipped.

Attach the prepaid RMA return label, included with the replacement Product.

Call the shipping pick-up number provided with the replacement Product for package pick-up, or drop it at your local UPS location. For door-to-door pickup UPS may charge you a pickup fee.

If Planar receives the defective Product within the 14-day timeframe, in good condition, with all components, the customer's credit card will not be charged.

It is the responsibility of the customer to properly package the Product (and plugs, all cables, power supply, remote control, etc.) and ship it to the address provided by the technical service & support representative with the RMA number prominently displayed. If the Product is not properly packaged by customer and is damaged in transit during its return to Planar, depending on method used, the customer's credit card will be charged for either the repair costs, if repairable, or the price of a replacement Product.

The replacement Product will assume the remainder of your original Product's warranty or 90 days, whichever is greater. The Customer agrees to retain the replacement Product and that the Customer's non-working Product becomes the property of Planar.

If a customer needs to replace the mirror component after the 50-day warranty period has expired, the customer can request to purchase a replacement mirror from Planar Customer Service. Please call Planar Customer Service at **1-866-PLANAR-1 (1-866-752-6271)**.
