Thank you for choosing Planar’s LX1200 LCD touchscreen monitor.

Customer Service:
To view online documentation and frequently asked questions, or to send an email to our technical support staff, please visit: http://www.planar.com/support or call 1-866-PLANAR1 (1-866-752-6271).

To receive advanced notification of product updates, please register your monitor at www.planar.com/support.

Planar is one of the world’s most accomplished providers of flat-panel displays, with over 20 years’ expertise in flat-panel innovation. The company provides the most dependable display solutions for various applications in industrial, medical, and commercial markets.

Installation
1. Recommended Mounting - • Planar recommends an approved mount for in-vehicle use.
2. Cable Connections - (Sold separately. Refer to the diagram below)
   1. USB Type B Upstream
   2. VGA Video Cable
   3. 12V Power Input
   4. 3.5mm Audio Input Cable
   5. All-in-one Power Cable (See User’s Guide)

Features and User Controls
• 2-Port USB Hub
• Video Blanking for Privacy
• All-In-One Power Button Controls the Remote PC
  1. USB Type A
  2. Dimming Dial
    • Adjust brightness by turning the dial.
    • Turn off the backlight for video blanking by turning the dial clockwise.
  3. All-in-One Power Button
    • This button doesn’t turn off the monitor directly. When connected to a docking station it will act as the power button for the computer. When the computer is turned off, the LED will turn red and the monitor will go into standby. See User’s Guide for more detail.
  4. USB Type B Upstream to the Computer
  5. VGA
  6. Power 12V
  7. Audio
  8. Speaker Volume
    • Adjust speaker volume by turning the dial.

Package Overview
Contents -
• LCD Display
• Landing Strip
• Touchscreen Driver
• Installation CD-ROM

Important Recycling Instructions -
• LED/LCD style products contain mercury. This product may contain other electronic waste that can be hazardous to the environment and must be recycled.
• If disposal regulations require it, contact the Electronics Industries Alliance at WWW.EIAE.ORG. For lamp specific disposal information check WWW.LAMPRECYCLE.ORG.
• The test results show that this device meets the FCC rules. Refer to the product operation manual for FCC classification found at: http://www.planar.com/support. Those limits are set to protect residential areas from the devices with harmful emission. This device will produce, use and radiate radio frequency energy. In addition, failure to follow the instructions may result in harmful interference. Use of radiated frequencies in proximity to other equipment may result in unacceptable performance. The user is responsible for causing interference to other electronic devices. If interference is experienced, the user should turn off the device and re-enable to verify the problem. Any changes or modifications to this TFT LCD monitor would void the user’s authority to operate this device.
