Planar DirectLight LED Video Wall System

The Planar® DirectLight™ LED Video Wall System is a family of seamless, ultra-fine pitch direct view LED video walls that provide a superior visual experience, and 24x7 reliability tailored to your unique indoor environment.

Clarity Matrix LCD Video Wall System

This immersive, flexible video wall combines the industry's thinnest profile ultra-narrow bezel LED LCD with improvements in design, installation and service, delivering on its reputation as the best-in-class LCD video wall solution.

Planar UltraRes Series

The next-generation Planar® UltraRes™ Series is a line of 75", 84" and 98" Ultra HD displays that offer enhancements in multi-source viewing, 4K video support and more!

Planar EP-Series

The Ultra HD resolution Planar® EP-Series™ LCD displays offer best-in-class reliability with 4K resolution. Available in 58" and 65", the displays come with commercial-grade features required for digital signage, corporate, and control room environments. Available with multi-touch technology.

Planar PS-Series

The Planar® PS Series is a line of professional large format LCD displays that offer a full set of commercial-grade features with superior visual performance that is well-suited for demanding digital signage and corporate environments.

Planar LookThru OLED

The first-of-its-kind Planar LookThru OLED transparent display is a self-emitting display that utilizes cutting-edge Organic Light Emitting Diode (OLED) technology to eliminate the need for a backlight or enclosure, making it possible to create truly see-through installations.
