

STANDARD LIMITED WARRANTY

3-YEAR – LCD VIDEO WALL PRODUCTS

Important Notice - These terms and conditions directly affect your rights, obligations and remedies as an end user of products from Leyard and Planar, A Leyard Company. As used here, "end user" means use of the products for your personal use only and excludes resale, rental, lease or transfer of any kind. Please read and understand your rights. Use of the Leyard and Planar product will be considered acceptance of this warranty and acceptance of the end user license terms for any included software.

The Clarity® Matrix® G2 and G3 LCD Video Wall Systems and Planar® Mosaic® LCD Video Walls (the "Products") feature a 3-year limited hardware warranty as set forth below. This warranty period begins on the date of Leyard and Planar's initial shipment of the Product.

Eligibility

The 3-Year LCD Video Wall Products Standard Limited Warranty applies to the above-listed products purchased on or after the effective date noted below. Leyard and Planar reserve the right to change the terms of this warranty. Such changes will apply to the Products purchased on or after the effective date of the revised warranty.

The Standard Limited Warranty covers products purchased from Leyard and Planar or a Leyard and Planar authorized dealer or distributor and is only valid for the original customer who purchased the covered product. The dealer or distributor may contact Technical Support on the end user's behalf in the event of a product defect. This warranty is not transferable. You may be required to provide evidence of proof of purchase

This standard warranty includes:

- 3-year protection from defects in material and workmanship
- Advanced shipment of replacement parts or products

Limited Warranty Coverage

Leyard and Planar warrant the Products to be free from defects in material and workmanship during the warranty period. If, in Leyard and Planar's determination, a part is defective in material or workmanship during the warranty period, Leyard and Planar will replace the defective part with a similar new or refurbished part. If the issue is deemed a defect with the LCD, Leyard and Planar will replace the Product with the same or similar new or refurbished product. If replacement of the part or product is determined by Leyard and Planar to not be commercially feasible, Leyard and Planar will refund a prorated share of the purchase price (calculated based on the remainder of the warranty period and the then-current MSRP of the same or similar product). MSRP is defined as the most recent product price listed on Leyard and Planar's price list.

If at any time warranty coverage is voided or expired, Leyard and Planar may offer service for a fee.

Length of Warranty

The Products are warranted for three years from the date of shipment from Leyard and Planar.

All accessories, field replaceable units (FRUs), and integrated components (including but not limited to cables, remotes, power supplies and controller boards) purchased at the time of the initial product purchase are warranted for three years from the date of shipment from Leyard and Planar.

All accessories, FRUs and components purchased after the initial product purchase are warranted for 90 days from the date of shipment from Leyard and Planar.

Replacement Guidelines

Leyard and Planar's LCD products are designed to be easily serviceable by trained individuals. The majority of parts in each LCD are built as modules called Field Replaceable Units (FRUs). It is often easier and more cost

effective for customers to replace FRUs than to send the entire display back to the factory for repair. If the issue is deemed a manufacturing defect with the LCD panel, Leyard and Planar will issue a replacement for a similar new or refurbished product.

In the event of a product defect, please follow the warranty replacement procedure below:

1. Contact Leyard and Planar Technical Support via email or phone:
 - By email: ts@planar.com (In North America) or emeats@planar.com (Outside North America)
 - By phone: +1 866 752 6271 (In North America) or +33 5 63 78 38 10 (Outside North America)
1. Provide the serial number, product model number, purchase date, description of the problem and troubleshooting steps already attempted.
2. Leyard and Planar Technical Support will attempt to correct any minor issues that might be causing the problem. If Leyard and Planar are unable to resolve the problem through troubleshooting and confirm that the claim is being made during the warranty period, a return material authorization (RMA) number will be issued for the defective part or product and a replacement will be sent to the customer.
3. Leyard and Planar will ship the replacement part or product via ground shipping (or the least expensive shipping method). The customer is responsible for excess charges for any other method of shipping requested.
4. Upon receipt of the replacement part or product, the customer should inspect the packaging and materials for shipping damage. Report all damage immediately to the carrier and/or Leyard and Planar Service Representative. The customer should break the tamper tape seal on the LCD panel carriage only after the panel has been tested and inspected. If the tamper tape seal is broken, Leyard and Planar will assume the LCD panel arrived safely at its destination.
5. The customer will have 14 days from the date of receipt of the Advance Replacement part or product to return the defective part or product to the authorized return facility. If it is not returned within this time, Leyard and Planar will invoice customer and customer will pay the current market price of the replacement part or product within 30 days from the invoice date. Leyard and Planar reserve the right to refuse warranty service for a past due account. The customer will:
 - a. Return the defective part or product in the box in which the Advance Replacement part or product was shipped. LCDs must be shipped on a pallet in a vertical position.
 - b. Return only the defective part or product. Leyard and Planar will not be responsible for returning or replacing any Accessories or other items returned with the defective product.
 - c. Return the part to the repair location specified by the Leyard and Planar Service Representative. Clearly mark the RMA number on the shipping box. Verify that the RMA number on the shipping box matches the RMA number for the defective part being returned.
 - d. The customer is responsible for all return shipping charges, including but not limited to freight charges, taxes, duties and insurance.
