PRODUCTS ON DISPLAY

Planar TWA Series LED Video Wall

The Planar® TWA Series is a line of fine pitch LED video walls with a unique "flat panel" design that features a 16:9 form factor, ease of installation and service, and outstanding flatness and uniformity.

Clarity Matrix G3 LCD Video Wall System

The all new Clarity® Matrix® G3 LCD Video Wall System advances nearly every aspect of the unique Clarity Matrix architecture, building on the accomplishments of the award-winning family of LCD video wall solutions. It features a new, off-board video controller that offers unrivaled video processing capabilities built into the product.

Planar UltraRes Touch

Planar® UltraRes™ Touch is a line of Ultra HD resolution (3840x2160) LCD displays with 32 points of multi-touch, multi-user technology, making it easy for multiple users to collaborate and interact at the same time. It offers a best-in-class solution for professionals who seek to collaborate or annotate using a large viewing area with enterprise-level features.

Planar QE Series

Planar® QE Series is a line of Ultra HD resolution (3840x2160) LCD displays that provide a simply impressive end-to-end solution for designing, distributing and playing back ultra-high resolution content on a single display or multiple displays within a network, dramatically reducing installation cost and complexity.

CERTIFIED TRAINING

Planar is committed to providing comprehensive product and technology training and offers a range of courses at our Houston Showroom. For a schedule of Certified Training Courses, visit: www.planar.com/training

USA PROUD

FOR THE USA.
FROM THE USA.

Planar has been doing business in the United States for over 35 years and has built a great reputation for service, innovation, and market leadership.

This reputation has been earned across various functions and business activities of the company and continued investment reflects our ongoing commitment to providing our best to our US customers.
