Showcasing the latest display technology from Planar

PRODUCTS ON DISPLAY

Planar DirectLight X (DLX) LED Video Wall System

With the off-board Planar® Video Controller, Planar® DirectLight® X LED Video Wall System is the industry's first LED video wall solution to embed advanced video processing directly into the product. Planar DirectLight X supports a range of fine pixel pitches and includes industry-leading wall mount, full front service access, a mission-critical design for 24x7 reliability and modern, web-based control and management software.

Planar TVF Series LED Video Wall

The Planar® TVF Series is a family of fine pitch LED video wall displays available in 1.2, 1.5, 1.8 and 2.5 millimeter pixel pitches. Giving a new meaning to multi-functionality and quick installation, the Planar TVF Series offers front serviceability and a creative stackable design that eliminates cabinet-to-cabinet cabling and reduces the complexity of installation and vertical alignment.

Clarity Matrix G3 LCD Video Wall System

The Clarity® Matrix® G3 LCD Video Wall System is the ultimate LCD video wall solution for applications seeking the very best visual performance and mission-critical reliability. Clarity Matrix G3 features a unique design that optimizes the extremely thin bezel LCD with 24x7 operation, minimal installation depth and simplified design, installation and service. With a tiled bezel as small as 1.7mm, Clarity Matrix G3 includes the integrated Planar® EasyAxis™ Mounting System and an off-board electronics and power supply architecture, reducing total-cost-of-ownership while delivering the most reliable LCD video wall solution.

Planar QE Series

Planar® QE Series is a line of 75", 86" and 98" Ultra HD resolution (3840 x 2160) LCD displays that provide a simply impressive end-to-end solution for designing, distributing and playing back ultra-high resolution content on a single display or multiple displays within a network, dramatically reducing installation cost and complexity.

Planar EP Series

The Planar® EP Series is a line of Ultra HD resolution (3840x2160) professional LCD displays that offer best-in-class reliability with stunning image quality. Available in 50", 58" and 65", the displays come standard with commercial-grade features required for digital signage, corporate and control room environments. Also available in touch versions, Planar EP Series displays bring interactivity to the 4K immersive experience. Featuring built-in processing that supports simultaneous

Planar Simplicity Series

The Planar® Simplicity™ Series 4K line of LCD displays for digital signage incorporates cutting-edge 4K at 60Hz streaming, media playing, a sleek design and commercial functionality into an affordable 4K digital signage solution. With sizes ranging from 43" to 86" and USB media playback, Planar Simplicity Series 4K displays eliminate the need for additional hardware—reducing installation cost and complexity. Planar Simplicity Series 4K LCD displays feature an elegant design with a logo-free narrow bezel and slim profile, making it the ideal display solution for digital signage applications in retail stores, restaurants, medical offices, corporate meeting areas and hospitality.
