### PRODUCTS ON DISPLAY

#### Planar TVF Series LED Video Wall

The Planar® TVF Series is a family of fine pitch LED video wall displays available in 0.9, 1.5, 1.8 and 2.5 millimeter pixel pitches. Giving a new meaning to multi-functionality and quick installation, the Planar TVF Series offers front serviceability and a creative stackable design that eliminates cabinet-to-cabinet cabling and reduces the complexity of installation and vertical alignment.

#### Planar MGP Series LED Video Wall

Planar® MGP Series indoor fine pitch LED video wall displays offer seamless, front-service, high resolution visual experiences, at a value similar to tiled LCD video walls. Available in 1.2, 1.5, 1.8, and 2.5 millimeter pixel pitches, LED cabinets feature a 16:9 aspect ratio, enabling each pixel pitch to achieve popular Full HD and 4K resolutions.

#### Clarity Matrix G3 LCD Video Wall System

The Clarity® Matrix® G3 LCD Video Wall System delivers the ultimate LCD video wall solution. The award-winning, Clarity Matrix G3 combines the industry's thinnest profile ultra-narrow bezel LCD's with industry-leading improvements to video processing, installation, management and off-board electronics, to deliver a next-generation video wall solution.

#### Planar VM Series LCD Video Wall

The Planar® VM Series is a line of LCD displays that deliver a feature-rich video wall solution for demanding 24x7 and high ambient light applications. With a variety of sizes, bezel widths and brightness levels, the Planar VM Series offers a nearly seamless video wall solution and compelling value to fit an organization's needs.

## Planar LookThru Transparent OLED Display

The Planar® LookThru™ Transparent OLED Display makes it possible to create truly see-through installations with a virtually frameless design, eliminating the need for a backlight or enclosure. With 45 percent light transmissivity, the glass delivers all the benefits of interactive digital signage while allowing consumers to see products behind the display.
