PRODUCTS ON DISPLAY

Planar DirectLight Ultra Series LED Video Wall

Planar® DirectLight® Ultra™ Series LED video walls offer 24x7, high-resolution display experiences in MicroLED 0.6, 0.7, 0.9mm and standard LED 1.2 millimeter pixel pitches. They feature off-board power, self-adjusting Planar® ActiVAlign™ technology and a Planar® WallDirector™ Video Controller and software. They are TAA Compliant and covered by the Planar® EverCare™ Lifetime Limited Warranty.

Planar TVF Series LED Video Wall

The Planar® TVF Series is a family of fine pitch LED video wall displays available in 0.9, 1.5, 1.8 and 2.5mm pixel pitches. Giving a new meaning to multi-functionality and quick installation, the Planar TVF Series offers front serviceability and a creative stackable design that eliminates cabinet-to-cabinet cabling and reduces the complexity of installation and vertical alignment.

Clarity Matrix G3 LCD Video Wall System

The Clarity® Matrix® G3 LCD Video Wall System delivers the ultimate LCD video wall solution. The award-winning, Clarity Matrix G3 combines the industry's thinnest profile ultra-narrow bezel LCD's with industry-leading improvements to video processing, installation, management and off-board electronics, to deliver a next-generation video wall solution.

Planar UltraRes X Series 4K LCD Displays

Planar® UltraRes™ X Series are 4K resolution, High Dynamic Range (HDR) commercial LCD displays with 700-nit brightness and wide color gamut, available in 75", 85" and 100". The displays offer 24x7 reliability, multi-source viewing and advanced processing ideal for collaborative meeting spaces, control rooms, high-impact digital signage and media rooms.

Planar HB Series Huddle Board

Planar® HB Series Huddle Board displays are 75" or 86", 4K resolution, LCD touch screens with embedded tools tailored to in-room and remote unified communication. Their accurate Projected Capacitive, 20-point touch delivers effective interactive experiences, while the pre-loaded collaboration apps on its Android OS help remote workers feel involved.

Planar LookThru Transparent OLED Display

The Planar® LookThru™ Transparent OLED Display makes it possible to create truly see-through installations with a virtually frameless design, eliminating the need for a backlight or enclosure. With 45 percent light transmissivity, the glass delivers all the benefits of interactive digital signage while allowing consumers to see products behind the display.

CERTIFIED TRAINING

Planar is committed to providing comprehensive product and technology training and offer a range of courses at our Portland Showroom.

For a schedule of Certified Training Courses, visit: www.planar.com/training.

Planar has been doing business in the United States for over 35 years and has built a great reputation for service, innovation, and market leadership. This reputation has been earned across various functions and business activities of the company and continued investment reflects our ongoing commitment to providing our best to our US customers.
