

Revolutionizing Corporate Communications

Planar® UC Complete™ LED video walls greatly enhance hybrid meetings providing a digital canvas with life-sized, high-resolution video conferencing windows and document sharing.

Offered in 21:9 and 32:9 wide view aspect ratios, the seamless LED displays are ideally suited for popular unified communications and modern meeting solutions such as Microsoft Teams® with its front row layout, and can support comfortable viewing from as close as 5 feet.

- ▶ 153", 198" & 207" sizes
- ▶ 21:9 or 32:9 aspect ratio

- ▶ Models with 0.9, 1.2 & 1.5mm pixel pitch
- ▶ Professional video processing & content windowing

A Display for Every Need

Planar UC Complete video wall displays deliver organizations a packaged LED solution without the need to collect or configure individual elements. Simply select the video wall size and resolution that best suits the room and viewing distance, and receive a complete modular display solution to be used with certified Microsoft Teams Room devices or other unified communications platforms.

Model	Diagonal Size	Aspect Ratio*	Pixel Pitch (mm)	Resolution	Dimensions (ft)
Planar UC Complete 21:9 153in P0.9	153"	21:9	0.9	3840 x 1440	11.91 x 4.49
Planar UC Complete 21:9 153in P1.2	153"	21:9	1.2	2880 x 1080	11.91 x 4.49
