

PLANAR[®]

Visual Impact

Going out on the town for a night at the theater or attending a major sporting event was the pinnacle of entertainment for more than a century, but in recent years interests and circumstances have shifted, and staying in has increasingly grown in popularity. Planar is making it even more compelling to stay in, with LED and LCD displays that thrive at home. From cinema content to motion-based digital art, these professional-grade displays enrich distinctive spaces with vibrant, high-resolution canvases for creative expression and entertainment. Leading-edge technology, design adaptability and the slimmest profiles ensure they seamlessly integrate with architectural elements and complement interior decor.

PLANAR® DIRECTLIGHT® ULTRA™ SERIES Professional Grade, Seamless Performance

Experience unmatched visual performance for indoor LED, with industry-leading resolution, high brightness, superior contrast, deep blacks and powerful processing.

- 4K & 8K resolution
- 108" to 217" Screen Diagonals
- Planar MicroLED Technology
- HDR Support & Superior Dynamic Range
- Professional Video Processing & Content Windowing
- Remote Commercial-Grade Power Supply

Experience Matters

Planar appreciates the unique nuances of high-end living and has a long history serving the market. With headquarters and manufacturing in Oregon, and professional product experts located across North America, Planar is uniquely positioned in the industry to provide professional top-shelf installation and service on site. Planar displays are backed by a team of highly trained and experienced pre-sales, installation, and post-sales specialists who collectively form a one-stop-shop to address unique needs from design to deployment and maintenance.

PLANAR® LUMINATE™ ULTRA SERIES High Brightness, Weatherproof

Watch high resolution content up close and outside with brightness that shines even in direct sunlight. Summer heat, winter cold, sprinklers and dust storms are no match for these outdoor-rated displays.

- 115" & 220" Screen Diagonals
- Seamless Images with Wide Viewing Angles
- 3,000-nit Brightness
- Professional Video Processing & Content Windowing
- IP65 Outdoor Protection Rating

PLANAR® DIRECTLIGHT® PRO SERIES Large Displays, Stunning Impact

Indulge in big, seamless, high resolution content delivered with vibrant color reproduction on fine pixel pitch LED displays. Enjoy viewing multiple sources simultaneously and rest easy with commercial-grade reliability.
