

CLEARTOUCH™ 32-INCH PT3285PW

The new ClearTouch™ 32-inch model PT3285PW full HD display delivers benefits that combine a stylish, easy to clean seamless front face with a swift multi-touch experience. Similar to a smartphone, it provides the most responsive gestures-based display on the market today. The big, bright screen, and attention grabbing all glass front surface makes the PT3285PW perfect for use by retailers and enterprise IT in applications requiring gestures-based support. The PT3285PW features a projected capacitive touch screen with USB interface, analog and digital DVI-D video inputs, an internal power supply, speakers, and a metal enclosure that's compatible with mounting options using the 400 x 200 VESA standard hole pattern on the back of the monitor. This monitor is HID compliant and compatible with Microsoft Window® 7 operating system.

32" Multi-Touch Monitor FEATURES
