LED BASE LIMITED WARRANTY

This Base Limited Warranty for LEDs ("Warranty") is offered by Planar Systems, Inc. ("Planar"), concerning certain LED Products *(*referred to as a "Product" or plural, "Products") sold under Planar or Planar brand names, but *not* listed as included in any standard LED limited warranty available on Planar's website at https://www.planar.com/support/standard-warranties/.

LED Base Limited Warranty

Planar warrants to the original end-user customer who purchased new Products covered by this Warranty from Planar or from Planar's authorized dealer or distributor (such customer, "Customer" or "you") that, commencing from the date of Planar's initial shipment of the Product, the Product will be free from defects in material and workmanship for one (1) year (the "Warranty Period") under normal intended use and maintenance. This Warranty is personal to Customer and non-transferable. This Warranty does not apply to LED products manufactured to a custom specification.

Customer's sole and exclusive remedy under this Warranty will be, at Planar's determination, repair or replacement (or alternatively a pro-rated refund) of any component part or Product according to the process described in this Warranty. Replacement parts or Product may be new or refurbished. If repair or replacement is determined by Planar not to be commercially feasible, Planar will refund a prorated share of the price at which Planar originally sold the Product. The prorated refund will be calculated based on the remainder of the Warranty Period of the Product and the price at which Planar sold the Product.

All accessories, FRUs and components (including but not limited to cables, power supplies and boards) purchased AT THE TIME of the initial Product purchase are covered by this Warranty. For items purchased AFTER the initial Product purchase, standard warranty period for Accessories shall apply.

Repair & Replacement

The Products are designed to be easily serviceable by the Customer. The majority of parts are built as assemblies called Field Replaceable Units ("FRUs"). It is often easier and more cost effective for Customers to replace FRUs than to send the entire Product back to the factory for repair.

General Process

Upon Customer discovering a problem with a Product, which Customer believes may be covered by the present Warranty, the process below should be followed:

1. The Customer or its authorized dealer contacts Technical Support via email or phone, see **Planar Contact Information** below.
2. You must have the model number, serial number and original proof-of-purchase available. Provide the serial number, product model number, purchase date, description of the problem and troubleshooting steps already attempted.
3. Planar Technical support will attempt to correct any minor issues that might be causing the problem. If Customer contacts Planar Technical support via phone and Planar is unable to resolve the problem through troubleshooting, Planar Technical Support may issue a return material authorization ("RMA"). The applicable Product complaint will undergo preliminary evaluation to determine if the Product qualifies for potential repair or replacement under this Warranty. Planar's decision to issue an RMA is not an admission that Customer's problem qualifies as a Product defect. Planar reserves the right, upon return of a Product from Customer, to reasonably determine that Customer's problem is not a defect in material or workmanship (e.g. for an NFF unit, defined below).
4. If Planar Technical Support issues an RMA, Customer will:
    a. Return only the part or Product with which Customer discovers a problem.

b. Return the part or Product to the repair location specified by the Customer Service Representative. Clearly mark the RMA number on the shipping box. Verify that the RMA number on the shipping box matches the RMA number for the part being returned.

Customer is responsible for all shipping charges for warranty repair of Product both ways to and from the service location designated by Planar, including but not limited to domestic and international freight charges, taxes, duties and insurance, related to sending the applicable part or Product to service location designated by Planar.

Warranty Restrictions

This Warranty does not include or is limited by the following:

1. Product not purchased from Planar or an authorized Planar distributor or dealer, or third party products.
2. Product that has been resold, transferred, lost, stolen or discarded.
3. Product that is licensed or loaned for evaluation, testing, or demonstration purposes.
4. Product on which the serial number has been defaced, modified or removed.
5. Rental costs for temporary replacement products.
6. Any third-party software or accessory malfunction. For example, Android Package files (APK)'s installed by the user and Google Play are not supported by Planar and may lead to a non-warranted malfunction.
7. Any complimentary spare parts provided at no cost to the Customer
8. Labor or travel costs for installation, set-up, repair, adjustment to display settings, removal, reinstallation or other services.
9. Product on which pixels are encapsulated or coated, with respect to damage or outage of pixels.
10. Damage, deterioration or malfunction resulting from:
    a. Accident, abuse, misuse, neglect, improper ventilation & cooling, adverse environment (e.g., dust), fire, water, lightning or other acts of nature, smoke exposure (cigarette or otherwise), unauthorized product modification (if applicable, including use of an unauthorized mount), failure to follow instructions supplied with the Product, or operating the Product outside the suggested normal usage conditions stated in the User Guide.
    b. Installation, removal, disassembly, reassembly, upgrade, repair or attempted repair by anyone other than Planar or its affiliates. Use of supplies or parts not meeting Product's specifications. Opening of the chassis by untrained personnel, tampering with internal circuitry or removing or replacing any internal components or parts of the Product.
    c. Any damage to the Product during or due to shipment. If the security tape has been removed, Planar will assume the product arrived with no shipping damage.
    d. Any damage or wear and tear caused by the Customer's rental, lease, disassembly, reassembly, and transportation of a Product.
    e. Normal wear and tear.
    f. Causes external to the product, such as electric power fluctuations or failure.
    g. Customer caused defects, including but not limited to: (i) misuse or damage to drivers, disks or connectors, or software corruption; (ii) damaged LEDs resulting from hitting the edge or scratching along the front; or (iii) failure to follow maintenance procedures as outlined in the Product's User Guide.
    h. Any non-uniformity caused by long-term operation of the video wall with heavily contrasting static content.
    i. Any other cause not related to a defect in material or workmanship. For avoidance of doubt the Warranty does not require individual pixel performance to be perfect. Damage or outage of select pixels may not rise to the level of a defect in materials or workmanship. Any such determination will be in Planar's sole discretion, as will Planar's corresponding

determination, in the event of a warranty-level defect, of whether to provide repair, replacement or pro-rated refund.

Miscellaneous Return Issues

1. Except for few exceptions, Planar will not accept returned Product unless the RMA number issued by Customer Service is shown on the outside of the box.
2. If a part or Product is returned and is determined to be a No Fault Found ("NFF") unit or the part or Product is returned and determined to be excluded from this Warranty, Planar reserves the right to invoice the Customer for any costs incurred by Planar.
3. It is the responsibility of the Customer to properly package the defective Product and ship it to the address provided by the Customer Service representative with the RMA number prominently displayed. If the defective Product is not properly packaged and is damaged in transit during its return to Planar or the designated return location, the Customer may be charged for either the repair costs, if repairable, or the MSRP of a replacement product.
4. Shipment delivery time and availability may vary based on origin and destination. Planar is unable to deliver to PO Box and APO/FPO Box addresses.
5. Replacement parts or Product will resume the remainder of the original Product's Warranty Period or ninety (90) days from the date of shipment, whichever is longer.
6. Customer agrees to retain the replacement part or Product delivered by Planar or its affiliate and that the returned defective part or Product becomes the property of Planar.
