

CUSTOMERFIRST™ LIMITED WARRANTY: DESKTOP & TOUCH SCREEN MONITORS

This Planar™ CustomerFirst Limited Warranty ("Warranty") is offered by Planar Systems, Inc. ("Planar") concerning products listed in the **Covered Products Table** (referred to as a "Product" or plural, "Products"), subject to the terms and conditions of this Warranty statement.

Planar CustomerFirst Limited Warranty

Planar warrants to the original registered end-user customer who purchased new Planar Products covered by this Warranty from Planar or from its authorized dealer or distributor (such customer, "Customer" or "you") that, commencing from the date of Planar's initial shipment of the Product, the Product will be free from defects in material and workmanship for the specified period listed in the *Covered Products Table* (the "Warranty Period") under normal intended use and maintenance. This Warranty is personal to Customer and non-transferable.

Customer's sole and exclusive remedy under this Warranty will be, at Planar's determination, repair or replacement (or alternatively a pro-rated refund) of any Product according to the process described in this Warranty. Replacement parts or Product may be new or refurbished. If repair or replacement is determined by Planar not to be commercially feasible, Planar will refund a prorated share of the price at which Planar originally sold the Product. The prorated refund will be calculated based on the remainder of the Warranty Period of the Product and the price at which Planar sold the Product.

Any additional warranty specifications are detailed in the *Covered Products Table*.

Repair & Replacement

Upon Customer discovering a problem with a Product, which Customer believes may be covered by the present Warranty, the process below should be followed:

1. The Customer or its authorized dealer contacts Planar Technical Support via email or phone, see **Planar Contact Information** below.
2. You must have the model number, serial number and original proof-of-purchase available. Provide the serial number, product model number, purchase date, description of the problem and troubleshooting steps already attempted.
3. Planar Technical Support will attempt to correct any minor issues that might be causing the problem. If Customer contacts Planar Technical support via phone and Planar is unable to resolve the problem through troubleshooting, Planar Technical Support may issue a return material authorization ("RMA"). The applicable Product complaint will undergo preliminary evaluation and, if Planar determines the Product might qualify for replacement under this Warranty, then, at Planar's sole discretion, replacement may be sent to Customer before the potentially defective Product is returned to Planar ("Advance Replacement"). If you are in the contiguous US (excludes Alaska, Hawaii and US Territories), see "Advance Replacement" below. If you are outside the contiguous US, see "Return and Replace" below. Planar's decision to issue an RMA and/or provide Advance Replacement is not an admission that Customer's problem qualifies as a Product defect. Planar reserves the right, upon return of a Product from Customer, to reasonably determine that Customer's problem is not a defect in material or workmanship (e.g. for an NFF unit, defined below).
4. If Planar Technical Support issues an RMA, Customer will:
 - a. Return Product with which Customer discovers a problem.
 - b. Return Product to the repair location specified by the Planar Service Representative. Clearly mark the RMA number on the shipping box. Verify that the RMA number on the shipping box matches the RMA number for the defective part being returned.

Customer is responsible for all shipping charges, including but not limited to freight charges, taxes, duties and insurance, related to sending the applicable part or Product to Planar. Planar will cover the costs for any return shipping of a part or Product pursuant to this Warranty if the following criteria are satisfied: (a) the return shipping address is the same as the original Customer address

(or is another mutually agreed address) and is located within the North America region, and (b) the return shipment is provided to the Customer by ground delivery or a lowest cost alternative in Planar's discretion.

5. **"Advance Replacement"** – Claim Procedure for Products located within the contiguous United States:

If the part or Product with which Customer discovers a problem is reported to Planar within the Warranty Period, the Planar Technical Support has determined Advance Replacement is applicable, and a valid credit card is provided to ensure return of the part or Product with the problem, Planar will ship the Customer an Advance Replacement (no accessories included). If a credit card is not available, please see "Return and Replace" Claim Procedure for Products not located in the contiguous United States section for other options. Depending on Customer's location, it may take more than 2 days for the replacement to arrive.

Planar must receive the Product with the problem in otherwise good condition within 14 days following the delivery of the Advance Replacement to Customer. If the part or Product with the problem is not received by Planar within the 14-day timeframe, or if the warranty is voided due to any applicable warranty restriction, Customer's credit card will be charged for the current MSRP of the Product.

- a. The Product with the problem is to be returned in the box in which the Advance Replacement was shipped to the Customer, using the same packing materials.
- b. For displays 28" or smaller, call the shipping pick-up number provided with the Advance Replacement for package pick-up, or take to your local UPS drop-off location. For door-to-door pick-up, Customer is responsible if UPS charges a pick-up fee. Customer is responsible for any shipping costs incurred when returning the defective Product by any method other than UPS ground.
- c. For displays 32" or larger, call Planar Customer Service to schedule package pick-up from Expeditors. Customer is responsible for any shipping costs incurred when returning the Product with the problem by any method other than Expeditors.

6. **"Return and Replace"** – Claim Procedure for Products not located in the contiguous United States:

- a. If Customer is unable or unwilling to provide a valid credit card to use the Advance Replacement option, or if Customer is located outside of the contiguous US, Planar will provide "Return and Replace" service.
- b. After receiving an RMA from Planar Customer Service, return the Product with the problem with sufficient packing materials to prevent damage during shipment. Planar will charge Customer an amount not to exceed the current MSRP for the Product for any damage to the Product caused by shipping.
- c. Planar will pay for the shipment of the replacement Product to Customer.
- d. A replacement unit will be shipped out to Customer once Customer's problematic unit is received.

Warranty Restrictions

This Warranty does not include or is limited by the following:

1. Product not purchased from Planar or an authorized Planar distributor or dealer. Product that has been resold, transferred, rented, leased, lost, stolen or discarded. Product that is licensed or loaned for evaluation, testing, or demonstration purposes.
2. Product on which the serial number has been defaced, modified or removed.
3. Rental costs for temporary replacement products.
4. Any third party software or accessory malfunction.
5. Labor or travel costs for installation, set-up, repair, adjustment to display settings, removal, reinstallation or other services.
6. Bright or dark sub pixels that are characteristic of LCD technology and are within Planar's manufacturing specifications.

7. Damage, deterioration or malfunction resulting from:

- a. Accident, abuse, misuse, neglect, improper ventilation & cooling, adverse environment (e.g., dust), fire, water, lightning or other acts of nature, smoke exposure (cigarette or otherwise), unauthorized product modification (if applicable, including use of an unauthorized mount), failure to follow instructions supplied with the Product, or operating the Product outside the suggested normal usage conditions stated in the User Guide.
- b. Installation, removal, disassembly, reassembly, upgrade, repair or attempted repair by anyone other than Planar. Use of supplies or parts not meeting Planar's specifications. Opening of the chassis by untrained personnel, tampering with internal circuitry or removing or replacing any internal components or parts of the Product.
- c. Any damage to the Product during or due to shipment.
- d. Causes external to the product, such as electric power fluctuations or failure.
- e. Normal wear and tear.
- f. Customer caused defects, including but not limited to: (i) misuse or damage to drivers, disks or connectors, or software corruption; (ii) scratched/defaced/altered plastics or glass; or (iii) failure to follow maintenance procedures as outlined in the Product's User Guide.
- g. Temporary image retention as a result of displaying a static image for long periods of time.
- h. Any other cause not related to a defect in material or workmanship. Damage or outage of select pixels may not rise to the level of a defect in materials or workmanship. Any such determination will be in Planar's sole discretion, as will Planar's corresponding determination, in the event of a warranty-level defect, of whether to provide repair, replacement or pro-rated refund.

Miscellaneous Return Issues

1. Except for few exceptions, Planar will not accept returned Product unless the RMA number issued by Planar is shown on the outside of the box.
2. If a part or Product is returned and is determined to be a No Fault Found ("NFF") unit or the part or Product is returned and determined to be excluded from this Warranty, Planar reserves the right to charge Customer's credit card for any costs incurred by Planar.
3. It is the responsibility of the Customer to properly package the defective Product and ship it to the address provided by the Planar Customer Service representative with the RMA number prominently displayed. If the defective Product is not properly packaged and is damaged in transit during its return to Planar, the Customer may be charged for either the repair costs, if repairable, or the MSRP of a replacement product.
4. Shipment delivery time and availability may vary based on origin and destination. Planar is unable to deliver to PO Box and APO/FPO Box addresses.
5. Replacement parts or Product will assume the remainder of the original Product's warranty or 90 days from the date of shipment, whichever is longer.
6. Customer agrees to retain the replacement part or Product delivered by Planar and that the returned defective part or Product becomes the property of Planar.
