

LEYARD LED PRIMARY LIMITED WARRANTY

This Leyard LED Primary Limited Warranty (“Warranty”) is offered by Planar Systems, Inc. (“Planar”), concerning certain LED Products (referred to as a “Product” or plural, “Products”) sold under Leyard or Planar brand names, but *not* listed as included in any Standard LED Limited Warranty available on Planar’s website at planar.com/support/standard-warranties/. This Warranty only applies to Products sold by Planar within North America, subject to the terms and conditions of this Warranty statement.

LED Primary Limited Warranty

Planar warrants to the original registered end user customer who purchases new Products covered by this Warranty from Planar or Planar’s authorized dealer or distributor (“Customer”) that, commencing from the date of Planar’s initial shipment of the Product, the Product will be free from defects in material and workmanship for one (1) year (the “Warranty Period”) under normal use and maintenance. This Warranty does not apply to LED products manufactured to a custom specification.

All accessories, Field Replaceable Units (FRUs) and components (including but not limited to cables, power supplies and boards) purchased AT THE TIME of the initial Product purchase are covered. For items purchased AFTER the initial Product purchase, standard warranty period for Accessories applies.

Customer’s sole and exclusive remedy under this Warranty will be, at Planar’s determination, repair or replacement of any component part or Product according to the process described in this Warranty. Replacement parts or Product may be new or refurbished. If repair or replacement is determined by Planar not to be commercially feasible, Planar will refund a prorated share of the price at which Planar originally sold the Product. The prorated refund will be calculated based on the remainder of the Warranty Period of the Product and the price at which Planar sold the Product.

As used herein, “end user” means use of the Products for your personal use only and excludes resale, rental, lease or transfer of any kind.

Repair & Replacement

The Products are designed to be easily serviceable by the Customer. The majority of parts are built as assemblies called Field Replaceable Units (“FRUs”). It is often easier and more cost effective for Customers to replace FRUs than to send the entire Product back to the factory for repair.

General Process

Upon discovering a problem with the Product, please follow the procedures below:

1. The Customer or its authorized dealer contacts Technical Support via email or phone, see **Planar Contact Information** below.
2. You must have the model number, serial number and original proof-of-purchase available. Provide the serial number, product model number, purchase date, description of the problem and troubleshooting steps already attempted.
3. Technical Support will attempt to correct any minor issues that might be causing the problem. If Technical Support is unable to resolve the problem through troubleshooting and confirms this Warranty likely applies, Technical Support will issue a return material authorization (“RMA”) for the defective part, which may be repaired or replaced.
4. If applicable, Customer will:
 - a. Return only the defective part or Product.
 - b. Return the part or Product to the repair location specified by the Customer Service Representative. Clearly mark the RMA number on the shipping box. Verify that the RMA

number on the shipping box matches the RMA number for the defective part being returned.

- c. Customer is responsible for all shipping charges for warranty repair of Product both ways to and from the factory of origin, including but not limited to domestic and international freight charges, taxes, duties and insurance.

Warranty Restrictions

This Warranty does not include or is limited by the following:

1. Product not purchased from Planar or an authorized Planar distributor or dealer. Product that has been resold, transferred, rented, leased, lost, stolen or discarded. Product that is licensed or loaned for evaluation, testing, or demonstration purposes.
2. Product on which the serial number has been defaced, modified or removed.
3. Rental costs for temporary replacement products.
4. Any third-party software or accessory malfunction.
5. Labor or travel costs for installation, set-up, repair, adjustment to display settings, removal, reinstallation or other services.
6. Product that is physically uninstalled and moved, unless Planar Professional Services handles the move.
7. Damage, deterioration or malfunction resulting from:
 - a. Accident, abuse, misuse, neglect, improper ventilation & cooling, adverse environment (e.g., dust), fire, water, lightning or other acts of nature, smoke exposure (cigarette or otherwise), unauthorized product modification (if applicable, including use of an unauthorized mount), failure to follow instructions supplied with the Product, or operating the Product outside the suggested normal usage conditions stated in the User Guide.
 - b. Installation, removal, disassembly, reassembly, upgrade, repair or attempted repair by anyone other than Planar Systems, Inc., Leyard Optoelectronic or their affiliates. Use of supplies or parts not meeting Product's specifications. Opening of the chassis by untrained personnel, tampering with internal circuitry or removing or replacing any internal components or parts of the Product.
 - c. Any damage to the Product during or due to shipment. If the security tape has been removed, Planar will assume the product arrived with no shipping damage.
 - d. Causes external to the product, such as electric power fluctuations or failure.
 - e. Normal wear and tear.
 - f. Customer caused defects, including but not limited to: (i) misuse or damage to drivers, disks or connectors, or software corruption; (ii) damaged LEDs resulting from hitting the edge or scratching along the front; or (iii) failure to follow maintenance procedures as outlined in the Product's User Guide.
 - g. Any non-uniformity caused by long-term operation of the video wall with heavily contrasting static content.
 - h. Any other cause not related to a defect in material or workmanship.

Miscellaneous Return Issues

1. Except for few exceptions, Planar will not accept returned Product unless the RMA number issued by Customer Service is shown on the outside of the box.

2. If a part or Product is returned and is determined to be a No Fault Found (“NFF”) unit or the part or Product is returned and determined to be excluded from this Warranty, Planar reserves the right to invoice the Customer for any costs incurred by Planar.
3. It is the responsibility of the customer to properly package the defective Product and ship it to the address provided by the Customer Service representative with the RMA number prominently displayed. If the defective Product is not properly packaged and is damaged in transit during its return to the designated return location, the customer may be charged for either the repair costs, if repairable, or the MSRP of a replacement product.
4. Shipment delivery time and availability may vary based on origin and destination. Planar is unable to deliver to PO Box and APO/FPO Box addresses.
5. Replacement parts or Product will assume the remainder of the original Product’s warranty or 90 days from the date of shipment, whichever is longer.
6. Customer agrees to retain the replacement part or Product delivered by Planar or its affiliate and that the returned defective part or Product becomes the property of Planar.
